

Watertable Profile Checklist

Use Generic or Unit Sheets for Watertables

- Select the Watertable Profile shape
- Calculate the linear footage for the installation
- Determine the number of each Standard Part required for installation
(Cope Outside Left, Cope Outside Right, Straight)
- Calculate Part quantities
- Verify the Unit Size
- Select stone color

This completes Checklist for Watertable

Secondary Considerations

The following list of questions will help to identify situations that are not typical, but possibly critical.

- Have you decided to field miter the inside corners, or to install cast inside corners?
(Cope Inside Left, Cope Inside Right)
- Have you decided to order standard sized parts for cut in the field, or to order pre-sized parts for installation?
- Have you looked at adding Veneers to your wall facing as an additional enhancing product?
