

## Ornament Checklist

### Use Generic or Unit Sheets for Ornaments

- Select the Profile or Unit ID for each Ornament
- Verify the Unit Size (Y, Z XX, YY and Radius Dimensions)
- Verify artwork or artist concepts with Photo or Visual aid of Ornament
- Calculate quantity
- Select stone color

**This completes Checklist for Ornaments**

## Secondary Considerations

**The following list of questions will help to identify situations that are not typical, but possibly critical.**

- How are you planning to use the Ornament? If on Top of a wall, a panel insert, as veneer, or other usage, may require further review for assembly and intersection review?
