

A chart showing the range of costs for many of our most popular units, for helping someone get a basic idea of the cost of their project and how to manage their budget.

Marketing Spins

Text for email to send with the flyer that tells a customer what he is looking at, written with different target audiences in mind.

Here is a chart of generic costs for many of our most popular cast stone units. While this is not a formal estimate, and takes into account no custom work, and makes no mention of shipping costs, this will help you determine how much the stone you are thinking about using on your project will cost. Please don't hesitate to call us with any questions about this information or any element of the design and installation of our stone.
