Hi Michelle,

Thanks for checking back! Your material was absolutely stunning to work with. I have attached a couple pictures of your finished product assembled, a waterwall. I'll certainly be calling again when I need cast stone!

Thanks again,

Holly

Hi Holly,

Just checking on you since your September delivery. I hope delivery and installation went smoothly for you. If you have any more upcoming projects, send those plans in so we can get to work for you! I am scheduling out our winter lines now and we have some great pricing in place for winter work. Take care.
